"I don't believe I have ever made an aesthetic decision based on my gender."

Denise Levertov

Escalator over the hill.  
Killing a tenor saxophonist  
Murder! he cries over &  
over, sax dragged from  
some back corner of  
Guantanamo (US American  
gulag #1). "Periodically  
exasperating impenetrability"  
the reviewer'd say of  
Carla Bley and "the  
buses we missed."
