

Narcissus

“Credit

I never get any *credit*

for what I do —

No one *thanks* me

I do all these things

for people

and I never get any credit

I want to be *boss*

I want to be in *charge*

I need money *money*

I never get any credit

People don't thank me

I hate them. I hate this

town

I am so lonely. I've never

been so *lonely*.”
